If your sale or purchase falls through you won't be charged for any of the legal work. You'll only be charged for external costs, like searches, if appropriate.

You know up front how much everything will cost, allowing you to budget. We guarantee you a fixed cost for your conveyancing - no charging by the letter or hour.

No call centres. You will be given dedicated contact details for your conveyancer who will advise you every step of the way.

All of our documentation is user friendly. Our property reports set out all of the important details simply and clearly.

Visibility and updates when you want them - Allows you to log in and track your case 24/7.

Some additional thoughts you may have:

- We have a family Solicitor

That's great - but do they specialise in conveyancing and can they offer you a fixed price, no sale, no fee service?

- We would rather use a high street Solicitor

We are specialist conveyancers who, unlike most Solicitors, prepare the legal pack on your property as soon as it is marketed - you could move 2- 3 weeks earlier when you choose us!
